

## NATIONAL GUARD EXPANSION WILL BRING IN KAUAI

Col. Johnson Leaves for Garden Island, Hoping to Raise Battalion

Kauai is next for the whirlwind recruiting campaign conducted by Col. Samuel I. Johnson, adjutant-general of the National Guard of Hawaii. Col. Johnson will leave on the steamer W. C. Hall this evening in the hope of raising a battalion of infantry on the Garden Island.

In filling the third regiment, there are plenty of companies in sight on the other islands but the preference is to be given Kauai so that each of the four main islands will be represented in the guard. Requests for the formation of another company on Maui, four more on Hawaii and one more in Honolulu have been made to the guard leaders but Kauai will be given first call.

"I believe the spirit on Kauai will result in the formation of several companies," said Col. Johnson today. "The plantations will cooperate by furnishing the halls, there being no army available."

Lieut. W. C. Whitener will leave for Kauai with Col. Johnson. If these companies are formed and mustered in, nine of the companies necessary to organize a third regiment of the National Guard of Hawaii will be in commission. Col. Johnson and Lieut. Whitener may return Tuesday.

The forest area of Japan is decreasing at the rate of 1,000,000 acres a year. This area is being cut away partly for timber and lumber and for firewood, and partly to make the land available for the cultivation of rice.

### HONOLULU PEOPLE GET POWERFUL ACTION.

Those who have used it here in Honolulu are surprised at the POWERFUL action of buckthorn bark, glycerine, etc., as mixed in Adler's-ka. Just ONE SPOONFUL cleanses bowels so THOROUGH it relieves almost ANY CASE of constipation, sour or gassy stomach. ONE bottle has relieved mild cases of appendicitis. In acute cases get your doctor's permission to try. One spoonful Adler's-ka ONLY TWICE a week keeps entire system CLEAN and prevents appendicitis. Most medicines act only on lower bowel; Adler's-ka acts on BOTH lower and upper bowel. TEN MINUTES after taking, effect begins—the INSTANT action is surprising. Although powerful, it works GENTLY and NEVER gripes. The Hollister Drug Co.

## WANTS DAMAGES BECAUSE HE WAS CALLED BUFFALO

Chung Lum, Chinese Merchant, Starts Criminal Libel Suit Against Liberty News

Charged with criminal libel by Chung Lum, a Chinese merchant, Ng Wing Sun, editor of the Chee Yoo Shin Po (Liberty News), was arrested today on a charge of criminal libel and appeared before Judge Monsarrat. Continuance until November 11 was granted at the request of E. A. Mott-Smith and Lorin Andrews, attorneys for the complaint. Robert W. Breckons represents the editor of the Chinese newspaper.

Rumors that the alleged libel and the arrest of Ng Wing Sun grew out of factional feeling over the political situation in the Chinese empire could not be verified today.

Among the things which were printed in the Liberty News that Chung Lum says have caused scandal, damaged his reputation, hurt his feelings and otherwise injured him are the allegations that he "has built tortoise nests" and that he "would sing the Song of Tai."

The newspaper, Ching says, called him "Ching, the Big Buffalo" and other names. In his complaint he states that he was charged with having mistreated his wife, living with other women, and said to have escaped punishment by the court because of luck, not justice.

The paper charged he wanted to steal his dead son's wife because it was cheaper to get his son's widow whose marriage expense had been paid than to marry another woman, and otherwise abused him, he alleges.

The translation of the Chinese characters will be an important feature of the case, the libel depending on the meaning of these. In his complaint Ching Lum has translated the article as follows:

"Evil doing family must meet with calamity" (meaning the family of Ching). "The heaven's eye is distant, the people's eye near. Therefore he who does good will enjoy happiness, and he who does evil will bring about calamity. This man's action may be taken as proof. It is unnecessary to find it from our spiritual world."

"In this port there is one man named Ching. His disposition is that of a tiger. His manner is like that of a buffalo. This newspaper has bestowed upon him a good name 'Ching, the Big Buffalo.' This man has built tortoise nests for the purpose of carrying on irregularities. This man was therefore prosecuted. He used all means to get out of trouble and was fortunately freed from punishment and fine. Owing to his taking another woman as a pet and treating his wife with contempt, he is also despised by others. His second son, who was rather diligent and intelligent, was different from his father, and might be called the calf of a brindled buffalo. If he is not dead his family may expect to become prosperous thereby."

"He named his son 'Chong' (signifying 'prosperity'). It is thought that he had such a hope in mind. But if his hopes were realized, it was of course not permitted by heaven but also is not satisfactory to all mankind. He sent his son to his village to get married, and the following day the son died. Had this happened to another man, he would feel pain for the loss of such a son. But on the contrary the big buffalo is just desiring to sing the song of Sun Tai. He is rather proud to say that this will answer the economical purpose intended."

In the complaint Ching explains that "the song of Sun Tai" means through reference to a Chinese story of the Duke of Tai in the Chow dynasty, stealing his son's bride, that he, Ching Lum, wants now to get his daughter-in-law.

The complainant says that the terms used in the article all have accepted meanings in Chinese. Buffalo, he says, means "brutal, sensual, clumsy," and tiger, "ferocious, unscrupulous."

## CARTER ESCORT TO CONSIST OF 1500 SOLDIERS

Logan Not Heard From, and Hour of Departure is Not Definitely Fixed

Failure of wireless messages sent to the transport Logan since yesterday afternoon to bring a reply has created the impression here that the vessel has struck bad weather, and possibly will be delayed in reaching Honolulu. At the quartermaster's office it was said today that even if the Logan is late in arriving it will probably not be so much delayed that the hour of departure will have to be postponed.

Army headquarters are anxiously awaiting news of the Logan, because on the time of the departure of the transport from here depends all arrangements for a farewell to Major-general William H. Carter.

Yesterday afternoon a squadron of the 4th Cavalry, under Major Guy H. Preston, left Schofield Barracks for Honolulu to form part of the escort of honor which will accompany the departing commanding general to the wharf. The entire 2nd Infantry has been ordered to assemble for the escort and a battalion of the Coast Artillery will be in line. The total number of men in the escort will be about 1500, and the entire body will be under command of Colonel Benjamin W. Atkinson of the 2nd Infantry. The escort will leave the Young Hotel about thirty minutes before the scheduled time of sailing of the Logan, which is tentatively set for 4 o'clock. Tomorrow afternoon General Carter will formally turn over headquarters and the command of the Hawaiian Department to Brigadier-general John P. Wisner, now commandant at Schofield Barracks.

## TORCH POTS FOR TORPEDOES SET HARBOR 'AFIRE'

With five words, "torch pots for practise torpedoes," Lieut. Joseph V. Ogan, commanding the third submarine division, the K boats, this morning cleared up the deep and dark mystery surrounding the flames and smoke which rose from the water of the navy wharf about sundown yesterday, creating excitement in that vicinity comparable to a sample reel of the "Perils of Pauline."

"We broke a couple of practise torpedo torch pots yesterday," said the commander, "and I ordered them thrown overboard from the Alert. They are made of calcium phosphide, which has the faculty of producing flame and smoke when it is wet and comes in contact with oxygen—in other words, when it is exposed to the air."

The local government nursery will cooperate with the public schools of Honolulu in observing Arbor Day on November 19, according to Henry W. Kinney, superintendent of public instruction. Aside from literary exercises the school children will plant trees in school yards and in the vicinity. Several thousands trees will be distributed by the nursery for this purpose.
